

September 20, 1990

Dear Dan,

I've left a couple of phone messages to let you know XMM I am back. I don't know if you got them. Your message tape does not leave very much time for me to give you much information so I decided to write. My work has been taking me out of San Diego quite often. Lately there's been a pattern of "in a few days-out a few days". As a result I haven't been able to plan very far ahead to give you a lot of advance time that I have so we could make a long range plan and I would know far in advance ~~xxx~~ when I could come to LA to see you.

Because I am not fortunate very often to reach you directly on the phone and my speaking time is so brief, I would appreciate that when I do call you and let you know that I am home that you get back to me when you can. We can reverse the call and I'll be happy to pay the phone charges.

I am leaving ²⁶ on September for a tour in Canada and will return October 7. I will then be home until October 28 when I leave to be out of the country and return November 7. As it stands now, I will be home from November 7 until December 23.

Please contact me and let me know when I might come to LA for a couple of days and see you both days. If you cannot do that how about one day. Anything. I love you and want to see you.

I hope that you are well and successful and having some fun and a chance now and then to "hang loose".

I am enclosing a check for your Mother for \$300.00 for July, August and September 1990.

I would appreciate you sending me Mickey, Jr.'s and Tim's addresses so I could contact them. Let me hear from you when ^{you can} contact me.

With love to you, Son.

Dad
